

# *ONSITE*<sup>TM</sup> Portable Spill-Control

NOW AVAILABLE FOR *TRUCK-MOUNT* and *BOOM PUMPS*

**ONSITE Portable Spill Control Systems** are made exclusively for small commercial and residential construction. *ONSITE* keeps wastewater runoff, aggregates and fluids out of storm drains, streets, and curb and gutter systems.

**ONSITE is reusable, lightweight, durable,** and can be deployed in under 30 seconds! *ONSITE* is your answer to portable **TOTAL CONTAINMENT!**

- \**ONSITE* stows easily onboard!
- \*Deploys in less than 1 minute!
- \*TOTAL COMPLIANCE!
- \*For all CITY and ENVIRONMENTAL Codes!

Constructed of high-strength PVC materials, *ONSITE* is approved for Wastewater, Concrete, about any sediment that needs containment. And, in case of any equipment failures, *ONSITE* is also resilient to Hydraulic fluids so your job won't go from "Environmental" to "HAZMAT!" Catch the fluids before the Inspector or Project Manager catches you. Violations and fines take away from your pumping dollars.

*ONSITE* is made in "High-Viz" Yellow, constructed as a "one piece" containment vessel and is available in sizes of: 8x8 Standard (one-piece) or the HEAVY-DUTY SERIES (3-piece) 8x8, and 10x8. All *ONSITE* units are equipped with a Hazmat-approved, non-sparking Shovel, warranty, and instruction sheet.

*Put ONSITE on your equipment list TODAY!*
